

# ITU TELECOM WORLD 2015 Young Innovators Competition

## YOUNG INNOVATORS COMPETITION Entrepreneurship Challenge

ITU, the leading United Nations agency for information and communication technology, seeks **the most promising tech startups with ideas on how to encourage entrepreneurship** with a focus on technology in local communities around the world. This could be done by startups providing access to resources, education, incubation, startup capital, investment and support to new startups, and on connecting startups with one another, with potential employees and with mentors and experts.

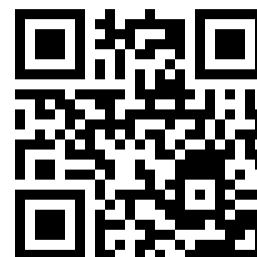

Are you an entrepreneur under the age of 30 and interested in **winning seed funding plus mentorship, networking, and high-level exposure?**

Do you want to be part of the select group of young innovators from all over the world present **at ITU Telecom World 2015** in Budapest, Hungary?

Apply now at: <https://ideas.itu.int>

Deadline: Thursday, May 7 2015

Questions? E-mail us at [young.innovators@itu.int](mailto:young.innovators@itu.int)

Budapest 12-15 October
